Claudia,
I won't be able to make it to at least this meeting (part 2 of 2), and I have another meeting with a division director during the first hour of the first meeting (part 1 of 2). Because I probably won't be able to add my 2-cents during the meetings, I just went through the document, adding my comments and thoughts on a few things to help get the ball rolling.

All, we received the summary of EO 12866 and 13563 interagency comments on the draft U&O Reservation existing oil and natural gas source FIP and need to draft responses so we can keep this process moving. This is the second of two 2-hour meetings in the next couple weeks to go through each of the comments (90+) to generally discuss potential responses and assign appropriate team members to draft the responses.

The draft response document that contains all of the comments has been posted to the SharePoint: https://usepa.sharepoint.com/sites/R8_Work/tribalFIPs/UOUintaBasinFIP/Regulatory%20Documents/Forms/AllItems.aspx

Thank you in advance for any help you can provide us,

Claudia
